

# Thin Places Ireland Tour

## September 11-20, 2015

*Thin Places: places where  
the veil between this world  
and the eternal world is thin*

## Images in the Landscape

### ***Tour Ireland's Wild West - \$2249 - 9 days***

In this Thin Places tour of Ireland you will experience Ireland's wild west, and visit the most scenic part of the country. And you will see them at a leisurely pace, interacting with local experts who will share information on Ireland's archaeology, history and mystical connections.

Our guides will include Tony Kirby who offers a "Heart of the Burren" tour and archaeologist, Michael Gibbons who will guide us on our excursion through Connemara. Our area of concentration will be Counties Clare, Galway, Sligo, Mayo, West Meath, Offaly and Roscommon. And though the tour covers only the west, you will experience all of the elements of the Irish landscape - the rugged

Atlantic coast, mountains, bogs, lush valleys, lakes, three islands and vibrant towns and villages such as Galway, Sligo, Westport, Clifden and Cong. You'll travel with a small group of people who will become your friends. Our tour groups are small - 15 to 25 people - so as to be flexible and intimate.

Price is \$2249 per person based on double occupancy. Air fare is not included. Full details and itinerary are on the website
